Dear NMOs Delegates and Presidents

We have now completed the ballot on the request by the Association of Medical Physicists from the Republic of Moldova (AFM) to become the EFOMP NMO for Moldova. I am pleased to announce that there was unanimous support for the application with 36 Council delegates voting in favour and none against. So we warmly welcome Moldova to the EFOMP “family”.

I would like to thank all of you who took part in the ballot. It is important that we have a good, representative response from Council to these ballots.

Best wishes,

Prof. John Damilakis  
EFOMP President
